CAMPUS WATCH

It's your campus - Protect it!

A truly safe campus can only be achieved through the cooperation of students, faculty and staff. As a member of the American University of the Caribbean School of Medicine (AUC) community, it is your responsibility to report a crime, suspicious activity or other emergencies on campus to the appropriate school official. Should you become a witness to or victim of a crime, immediately report the incident to local law enforcement officials, the Student Services office, or to the or to the Manager of Safety & Security. All crimes will be investigated and when appropriate, brought to the attention of the Student Services office for disciplinary hearings.

Purpose of the Annual Disclosure Report

AUC prepares this report to comply with the *Jeanne Clery Disclosure of Campus Security and Crime Statistics Act*. The full text of this document can also be found on the <http://www.aucmed.edu/about/student-consumer-information.aspx> or by visiting your local Safety & Security office. This report was prepared with the assistance of local law enforcement agencies. Campus crime, arrest and referral statistics include those that were reported to local law enforcement and campus faculty and staff. This data may also include crimes that have occurred in private residences or businesses adjacent to the campus.

REPORTING CRIMES AND EMERGENCIES

When making your report of an incident you will be asked to provide the following information:

1. Description of the incident
2. Date, time and location of the incident
3. Description of the persons or vehicles involved in the incident
4. Detail regarding who was notified about the incident

Upon receipt of this report AUC will determine the appropriate response, which could include disciplinary action against the offender(s), notification to local law enforcement, notification to the campus community or other public safety alternatives deemed appropriate given the circumstances. Please note that your identity may not be confidential when reporting an incident. AUC does not have procedures for voluntary, confidential reporting of crimes.

Once each semester, AUC will contact the St. Maarten police departments and property management to monitor and record crimes that occur within the designated area surrounding the campus that have been reported to the local Police.

Police Emergencies – Dial 9-1-1

Medical Emergencies – Dial 9-1-2

Fire Emergencies – Dial 9-1-9

ANNUAL SECURITY REPORT

AUC will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the SIREN notification system, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

The Incident Commander will determine if there is a significant emergency or dangerous situation and what segment of the campus community will need to receive a notification.

AUC will:

- Test emergency response and evacuation procedures on an annual basis
- Document each test, including the date, time, and whether it was announced or unannounced
- Publicize emergency response and evacuation procedures in conjunction with at least one test per calendar year

SIREN EMERGENCY ALERT SYSTEM

In the event of an emergency or a potentially dangerous threat to the campus or center arises, students, faculty and staff will receive timely notification via the SIREN system, on campus flyers, and/or email announcements. This includes any Clery Act crimes that are reported to the campus IC or local police and are considered to represent a serious or continuing threat to students, faculty, and staff. Please make sure to keep contact information updated in SIREN through the student portal at <http://aucmed.edu/student-services/forms-and-resources/student-update.aspx> for students and the Adtalem Global Education Commons at <https://devry.okta.com/app/UserHome> for faculty and staff.

CAMPUS ACCESS, FACILITY SECURITY AND LAW ENFORCEMENT

St. Maarten Campus

The Facilities department maintains the building and grounds with a concern for safety and security. Facilities staff inspect the facility regularly, promptly make repairs affecting safety and security hazards, and respond to reports of potential safety and security hazards such as broken windows, locks, etc. Students, faculty and staff can assist the Facilities staff by calling 4041-251 or emailing sxm-facilities@aucmed.edu to report concerns. Additionally, the Facilities Manager routinely inspects the grounds and building to review lighting and other environmental concerns for safety.

There are fire alarms and pull stations throughout the facility that should be used only in the event of an emergency. If an emergency requires evacuation, there are signs clearly posted throughout the building indicating the best routes for evacuation.

Building 1 is generally open 24 hours per day. Building 2 is generally open from 05:00 a.m. to 11:59 p.m. with extended hours to accommodate studying prior to block and final examinations. At times, part or all of the buildings may not be accessible to accommodate maintenance or address security concerns.

Access to classrooms and laboratories is limited to those enrolled in the courses meeting there. Access to on- and off-campus activities is limited to actively enrolled students and their guests. Students are responsible for the behavior of their guests at all times at campus-arranged events. AUC reserves the right to require that AUC identification cards be presented for admittance to certain locations and events. AUC may also require students to register their guests with Student Services prior to attendance. Student, faculty and staff identification cards should be worn at all times.

Security staff is available 24 hours per day and may serve as an escort between buildings and vehicles. They will respond to safety and security concerns and can be contacted at Ext. 404-1257 or directly at (721) 545-0619. The security officer has the authority to ask questions and request identification at any time. Criminal incidents will be referred to local law enforcement.

All crime victims and witnesses are strongly encouraged to report incidents to both campus security and local police. Prompt reporting will ensure timely warning notices to the campus community and timely disclosure of crime statistics.

Students living in off-campus student housing facilities should check with the apartment landlord for specific safety and security measures at their complex. Although most complexes provide keys for individuals and restrict access to apartments, the level of additional security varies from complex to complex. Crimes committed at off-campus housing should be immediately reported to the Police department with jurisdiction over the complex and as soon as reasonably possible to the Student Services office.

The campus security department maintains a policy concerning the monitoring and recording, through local police departments, of criminal activity in which students engaged at off-campus locations of student organizations officially recognized by the institution, including student organizations with off-campus housing facilities.

MISSING STUDENT POLICY

To report a student missing, please contact Associate Dean Student Affairs. An official missing student report will be referred immediately to the campus security department, or in the absence of a campus security department, to the local law enforcement agency that has jurisdiction in the area.

Students living in an on-campus housing facility may identify a contact person(s) who will be notified if the student is determined missing by the campus security department or the local law enforcement agency. Contact information will be confidential, accessible only to authorized campus officials and law enforcement, and may not be disclosed outside of a missing person investigation. The Missing Student Designated Contact form is available at the department of Associate Dean Student Affairs

If a student is under the age of 18 and not emancipated, AUC must notify a custodial parent or guardian when the student is missing, in addition to any contact person designated by the student. The local law enforcement agency will be notified when a student is reported missing, unless the local law enforcement agency was the entity that made the determination that a student is missing.

MISSING STUDENT PROCEDURES

When a student residing in an on-campus student housing facility is determined to have been missing for 24 hours, AUC will:

- Notify student's designated contact person within 24 hours;
- If the student is under 18 years of age and is not emancipated, notify the student's custodial parent or guardian and any other designated contact person within 24 hours; and
- Inform the local law enforcement agency that the student is missing within 24 hours.

SAFETY AND SECURITY

FIRE SAFETY

AUC on-campus student housing

The AUC on-campus student housing facility utilizes the "Keltron" fire safety system. This integrated system, monitored by campus security, has smoke and heat detectors in every room. In the event of fire, campus security is notified instantly and the fire department is dispatched.

Fire drills are conducted at a minimum once per year at on-campus student housing and all equipment is tested every 4 months.

Students residing in on-campus student housing are required to comply with the following policies:

Smoking- Smoking is prohibited within the on-campus student housing facilities, including elevators, stairwells, balconies, patios, etc. Occupants may smoke only in designated areas outside the building, away from entrances and windows.

Fire Hazards - The following items are considered fire hazards and are not allowed in the on-campus student housing, including the balconies, hallways, or common areas: camp stoves, hibachis, hot plates, and gas or charcoal

grills. Occupants must not leave candles or incense unattended or use them near curtains, bedding or other loose fabrics

Fire Alarms and Drills - Fire drills are held periodically to ensure residents are familiar with the alarm and the emergency building evacuation plan. All persons must leave the building anytime an alarm sounds. The building evacuation plan for each building is posted on every floor. Every alarm must be treated as an emergency.

Fire Hazard Inspection – The Island’s Fire Marshal conducts inspections of all rooms for fire hazards once a year and will return to conduct spot inspections.

Fire Safety Equipment – Occupants shall not inappropriately activate any emergency warning equipment or falsely report any emergency remove, damage, interfere or tamper with fire safety or other emergency warning equipment, including smoke detectors and heat detectors.

Evacuation Procedures – In the event of a fire, all students are required to exit the building to a designated safety zone. The Resident Assistants live at all times assist campus security to evacuate the building. The Residence Assistants will remain with all the students in the safety zone. The fire department will arrive and inspect the building and insure all residents have evacuated. No one is allowed back into the building until the fire department gives clearance.

Fire Alarm Monitoring – The on-campus apartment building fire system is monitored onsite by the office of Safety & Security.

SEXUAL OFFENSE AWARENESS

Definitions

Dating violence is defined as violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be determined based on the reporting party's statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship. For the purposes of this definition dating violence includes, but is not limited to, social or physical abuse or the threat of such abuse. Dating violence does not include acts covered under the definition of domestic violence.

Domestic violence is defined as felony or misdemeanor crime of violence committed by a current or former spouse or intimate partner of the victim; by a person with whom the victim shares a child in common; by a person who is cohabitating with, or has cohabitated with, the victim as a spouse or intimate partner; by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred; by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

Rape is defined as the penetration, no matter how slight, of the vagina or anus, with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.

Sexual assault is defined as any sexual act directed against another person, without consent of the victim, including instances where the victim is incapable of giving consent.

Stalking is defined as engaging in a course of conduct directed at a specific person that would cause a reasonable person to: fear for his/her safety or the safety of others; or suffer substantial emotional distress.

Procedures to Follow After an Assault

Victims of a sexual assault or rape are strongly encouraged to report the incident in order to deter these assaults and to ensure that victims receive the services they need. Steps should be taken to help deal with the physical and emotional trauma:

1. Go to a safe place; go somewhere to receive emotional support.
2. Report a sexual assault on campus to the Dean of Student Affairs or local leadership.
3. Report the assault to the police. If requested, AUC will assist with notification.
4. Preserve all physical evidence. Do not shower, bathe or douche and save the clothing worn.
5. Go to the hospital for medical care. Injuries should be treated and an examination completed to document and collect physical evidence of the assault. AUC will assist with transportation if necessary.
6. Seek professional counseling. This can help in the recovery from the psychological effects of the assault.

Please refer to the *Resources for Victims of Sexual Assault* section of this document for a list of local resources that will provide immediate advice and assistance to victims of sexual assault or rape.

Victims of a sexual assault or rape may request a change in their academic arrangements by contacting their Associate Dean of Student Affairs. Changes will be made if feasible and reasonable to do so.

All reports filed with AUC will remain confidential. Staff and faculty should report any on-campus sexual offenses to the Human Resources Office and the proper authorities.

Disciplinary Action

Disciplinary procedures and sanctions as outlined in the Student Code of Conduct will be followed once charges are brought after an alleged sexual assault. Both the accuser and the accused are entitled to the same opportunities to have others present during a disciplinary hearing. Both the accuser, upon his/her written request, and the accused, of a crime of violence or a non-forcible sex offense, will be informed of the results of any disciplinary proceedings conducted as a result of an alleged sexual assault.

Sexual Offense Awareness

Additional information regarding AUC's programs to prevent an incident, as well as the procedures to follow once an incident occurs (which includes a standard of evidence that will be used during any institutional conduct proceeding arising from such a report), of domestic violence, dating violence, sexual assault, or stalking can be found in AUC's Sexual Misconduct Prevention and Response Policy found at <http://www.aucmed.edu/about/student-consumer-information.aspx>.

CAMPUS SEX CRIMES PREVENTION ACT

The Campus Sex Crimes Prevention Act requires sex offenders already required to register in a State to provide notice, as required under State law, to each institution of higher education in that state at which the person is employed, carries on a vocation, or is a student. The act requires that state procedures ensure this registration information is promptly made available to law enforcement agencies with jurisdiction where the institutions of higher education are located and that it is entered into appropriate state records or data systems. These changes became effective two years after enactment of the law (2002).

This act amends the Higher Education Act of 1965 to require institutions of higher education to issue a statement, in addition to other disclosures required under that Act, advising the campus community where law enforcement agency information provided by a State concerning registered sex offenders may be obtained. This change takes effect two years after enactment (2002).

This act amends the Family Educational Rights and Privacy Act of 1974 to clarify that nothing in that Act may be construed to prohibit an educational institution from disclosing information provided to the institution concerning registered sex offenders; requires the Secretary of Education to take appropriate steps to notify educational institutions that disclosure of this information is permitted.

To check registered sex offenders in a state see the State Sexual Offender Registry List section.

LAWS REGARDING ALCOHOL AND DRUGS

ST. MAARTEN - NATIONAL

Federal law penalizes the unlawful manufacturing, distribution, use, sale, and possession of controlled substances. List of controlled substances can be found in Opiumlandsverordening National Ordinance Article 3, otherwise referred to as the Opium Ordinance, and includes all substances listed in the above section. The Opium Ordinance has a strict prohibition against the cultivation of marijuana, coca (genus Erythroxyton), and opium (species Papaver somniferum L.).

The penalties vary based on many factors, including the type and amount of the drug involved, and whether there is intent to distribute. The judiciary has wide discretion and penalties can range up to life imprisonment and fines up to 6.25 million guilders (\$3.5 million). Penalties may include forfeiture of property, including vehicles used to possess, transport, or conceal a controlled substance. For students receiving Title IV funds, the denial of that eligibility and continuing benefits.

The HEA suspends financial aid eligibility for students who have been convicted under federal or state law of the sale or possession of drugs, if the offense occurred during a period of enrollment for which the student was receiving federal student aid (grants, loans, and/or work-study). Any student, who has a conviction(s) for these offenses, is advised to call the Federal Student Aid Information Center at 1-800-4-FED-AID (1-800-433-3243) or go to <http://www.fafsa.ed.gov/>, click on "Before Beginning A FAFSA", then click on "Student Aid Eligibility Worksheet" to find out how this law applies.

If a student has lost federal student aid eligibility due to a drug conviction, he or she may regain eligibility by passing two unannounced drug tests conducted by a drug rehabilitation program that complies with criteria established by the U.S. Department of Education.

FEDERAL

Federal law penalizes the unlawful manufacturing, distribution, use, sale, and possession of controlled substances. The penalties vary based on many factors, including the type and amount of the drug involved, and whether there is intent to distribute. Federal law sets penalties for first offenses ranging from less than one year to life imprisonment and/or fines up to \$10 million. Penalties may include forfeiture of property, including vehicles used to possess, transport, or conceal a controlled substance; the denial of professional licenses or Federal benefits, such as student loans, grants, and contracts; successful completion of a drug treatment program; community service; and ineligibility to receive or purchase a firearm. Federal law holds that any person who distributes, possesses with intent to distribute, or manufactures a controlled substance on or within one thousand feet of an educational facility is subject to a doubling of the applicable maximum punishments and fines. See the Federal Controlled Substances Act at 21 USC 800.

STUDENT RIGHTS UNDER FERPA

(The Family Educational Rights and Privacy Act)

AUC respects the rights and privacy of its students and acknowledge the responsibility to maintain confidentiality of personally identifiable information.

FERPA is a federal law that affords students the following rights with respect to their education records:

1. THE RIGHT TO INSPECT AND REVIEW THE STUDENT'S EDUCATION RECORDS

Students have the right to review their education records within 45 days of the day the institution receives their request. Students should submit to the registrar, dean, or head of the academic department written requests that identify the record(s) they wish to inspect. The institution official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the official to whom the request is submitted does not maintain the records, that official will advise the student of the correct official to whom the request should be addressed.

2. THE RIGHT TO SEEK AN AMENDMENT OF INACCURATE OR MISLEADING INFORMATION

Students may ask the institution to amend a record that they believe is inaccurate or misleading. They should write to the official responsible for the record, clearly identify the part of the record they believe should be changed and specify why it is inaccurate or misleading. If the institution decides not to amend the record as requested by the student, the student will be notified of the decision and advised of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when they are notified of the right to a hearing. Following the hearing, if the institution still decides not to amend the record, the student has a right to place a clarifying statement in the record. The institution is not required to consider requests for amendment to grades or disciplinary decisions.

3. THE RIGHT TO LIMIT DISCLOSURE OF PERSONALLY IDENTIFIABLE INFORMATION

Students have the right to consent to disclosure of personally identifiable information contained in their educational records, except to the extent that FERPA authorizes disclosure without consent. An exception that permits disclosure without consent is disclosure to school officials who have legitimate educational interests, and the disclosure of directory information. Directory information is not considered to be harmful or an invasion of privacy if disclosed. See additional information on next page.

4. THE RIGHT TO FILE A COMPLAINT WITH THE U.S. DEPARTMENT OF EDUCATION IF THE INSTITUTION FAILS TO COMPLY WITH FERPA REQUIREMENTS

Complaints should be directed to:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-4605

DIRECTORY INFORMATION

The Family Educational Rights and Privacy Act (FERPA) designates certain student information as “Directory Information” and gives the institution the right to disclose such information without having to ask students’ permission. The items listed below as “Directory Information” may be released for any purpose at the discretion of the institution. Under the provisions of FERPA, students have the right to withhold the disclosure of any or all of the categories of information listed below. **The following information will be released unless students specifically request that their information be withheld:**

- **Directory Information:** Name, address, telephone number, email address, date and place of birth, dates of attendance, previous institution(s) attended, major field of study (program), enrollment status, degrees and awards, past and present participation in officially recognized activities.

To Withhold Information

To have directory information withheld, students must submit a written request to the Registrar. Once filed, this request becomes a permanent part of the student’s record and no information may be released until the student instructs the institution otherwise.

VOTER REGISTRATION

As a participant in Title IV Federal Student Financial Aid programs, AUC would like to remind students who are U.S. citizens of the importance of registering to vote.

If you are interested in participating in local, state, or national elections, please visit the Election Assistance Commission website at www.eac.gov/voter_resources/register_to_vote.aspx to learn how you can register to vote.

UNAUTHORIZED DISTRIBUTION OF COPYRIGHTED MATERIALS

AUC strives to provide access to varied materials, services and equipment for students, faculty and staff and does not knowingly condone policies or practices that constitute an infringement of Federal copyright law. Transmitting

or downloading any material that you do not have the right to make available and that infringes any patent, trademark, trade secret, copyright or other proprietary rights of any party is prohibited.

Installing or distributing pirated or unlicensed software is also forbidden. Violation of these requirements may subject students, faculty and staff to civil and criminal liabilities. Students, faculty or staff who violate federal copyright law do so at their own risk. Copyright status is applied to a work as soon as it is created. Users should assume that all writings and images are copyrighted.

Title 17 of the United States Code (17 USC §501 et seq.) outlines remedies for copyright infringement that may include some or all of the following: obtaining an injunction to stop the infringing activity; impounding and disposing of the infringing articles; an award to the copyright owner of actual damages and the profits of the infringer, or in the alternative, an award of statutory damages which may be increased if the infringement is found to be willful; an award of two times the amount of the license fee a copyright owner could have gotten; an award of the full costs incurred in bringing an infringement action, and the award of attorney's fees; and for criminal copyright infringement, fines and imprisonment.

AUC maintains a campus network to support and enhance the academic and administrative needs of our students, faculty and staff. AUC is required by Federal Law – H.R. 4137 to make an annual disclosure informing students that illegal distribution of copyrighted materials may lead to civil and/or criminal penalties. AUC takes steps to detect and punish users who illegally distribute copyrighted materials.

AUC reserves the right to suspend or terminate network access to any campus user that violates this policy and Network access may be suspended if any use is impacting the operations of the network. Violations may be reported to appropriate authorities for criminal or civil prosecution. The existence and imposition of sanctions do not protect members of the campus community from any legal action by external entities.

Alternatives to Illegal Downloading

Illegal downloads hurt artists and deter the incentive to create. U.S. laws protect the rights of individuals regarding their own works. Below are lists of sites that offer free or inexpensive products that you can use without violating copyright law.
